Cracker Jack Kelley made an impressive appearance last night playing the formidable Andy Wiltshire, he had him on the ropes dormie with 2 to play but Andy went into his steely eyed trance and played a blinder up the last two holes not putting a foot wrong to get the half. They traded birdies all the way through ending their match with one point each, you couldn't split them at all. Well done Jack, welcome to our magnificent Moortown team.

Boom Boom eagled the first, all looked fantastic and then a couple of neurons fell out of his ears and he struggled to find his game from there. On Andy's normal day he would have wiped the floor with Simon Coumbe but it wasn't his night. To be fair, Simon played his usual impeccable golf, very hard to beat that guy.

Matty Mustang, as usual played extremely solid from start to finish. His opponent didn't stand a chance beating him 7&6!!! Matty was 2 under the card at that point – The Mustang has landed Moortown!

Well done team, we are lying 2nd in the top division at the moment. We play the top team next week. Come long to watch, you've got to see this, it's going to be a beauty!
